

### Privacy statement

Please note that Mitacs may share this information with its government funders or other groups to evaluate the **Research Training Award** program. Do not include confidential, proprietary, or sensitive information within this report.

### Instructions

Please complete all questions below and upload the final copy to your **Final Report** EDGE course in the Mitacs e-campus.

### Student

Name (first and last): \_\_\_\_\_  
Primary email address: \_\_\_\_\_  
Alternate email address: \_\_\_\_\_  
Phone number: \_\_\_\_\_  
Date: \_\_\_\_\_

### Academic supervisor

Name (first and last): \_\_\_\_\_  
Academic institution name: \_\_\_\_\_

### Final Report

**Provide a summary of the work completed during your project. (250 words)**

**Do you consider your project a success? Why or why not?**

**Summarize the top three skills areas you developed as a result of this project. Did they match up with what you originally indicated in your application form? See the Skills Table in Appendix A below.**

**What were the benefits to you in participating in the program?**

**Has your participation in the program increased your interest in pursuing additional research opportunities? Why or why not?**

**After participating in the Research Training Award, would you be more inclined to use another Mitacs program in the future? Why or why not?**

**If you participated in Mitacs e-campus courses, did you find them useful in completing your project? Why or why not?**

**Please include any suggestions you have for how to improve the program.**

## Appendix A. Skills Table

• Knowledge in a research field
• Methods for solving research problems
• Research development and design skills
• Problem solving skills
• Use of analytical and software tools to answer research questions
